## plan

This soft and simple quilt adds a feminine touch to any bed. It's a larger version of a quilt Trish designed for the book *Floral Bouquet Quilts from In The Beginning*, by Sharon Evans Yenter (2001). To ensure that you have an assortment of colors in every block, you may wish to plan all blocks before stitching.

**3 Note:** Refer to **Assembly Diagram** for following steps. Arrange 15 rows of 15 blocks/setting squares each on design wall or other flat surface. Notice that setting squares are arranged in diagonal rows by color and all White House Steps Blocks are oriented in the same direction.

Hourglass Blocks form a large X across the center of the quilt. Stitch rows, and then sew rows together.
